Statistics noted with an asterisk and a number (*1) represents the number of anonymous crime reports received in good faith however there is no means of verification.

HATE CRIMES: Crimes involving bodily injury that manifest evidence the victim was intentionally selected because of the victim’s actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability are classified as hate crimes. Please note hate crimes are posted by the prejudice and the quality of the crimes. A crime determined to be a hate crime will have letter designation (note below) after the “number of crimes” for a particular reporting year and a footnote describing the circumstances at the bottom of this section.

KEY TO HATE CRIMES (Type of bias or prejudice):

- Race = R
- Gender = G
- Religion = RL
